Children's Services

Dear Parent / Carer,

This week Linwood High School will have a focus on 'Digital Literacy'. We aim to increase the confidence of our young people in using the various digital platforms that enhance learning. We have audited our students needs and we will be targeting support both on a universal and personal level.

Linwood High School are committed to digital learning and your son / daughter will have a lesson from each subject focusing on how they can access, use and learn on our digital platforms.

Show My Homework (Satchel One) will be used by all staff to share homework. For returns and feedback we will use Microsoft Teams. Students have been taken through the set up for each of these on Glow. Departmental expectations will be clear to allow our students to make progress.

We will also be looking to support parents on accessing the Show My Homework App.

If you have any questions about our digital learning please feel free to make contact with the school and I will be happy to help.

Yours faithfully,

Mr Hammond
Depute Headteacher
