Equal Engineers – EKO STEMAZING WORKSHOPS

Dear parent/carer,

We are delighted that Equal Engineers will be visiting the school on Friday 31st January to deliver EKO STEMAZING workshops to S1 pupils. Pupils will have the opportunity to take part in 2 different workshops on Density and Buoyancy and Renewable Energies during the morning.

All options available will have a strong focus on the different range of Careers available in STEM and include some targeted skills development to help with our pupil's journeys into the world of work.

Yours sincerely

V.A. Morrow
